THE SUSQUEHANNA AND WYOMING VALLEY RAILROAD AND COAL COMPANY is chartered by the State of Pennsylvania, with power to hold two thousand acres of Land for Mining purposes, besides Depôts for storing, shipping, and selling Coal, at any points that may be advantageous to the Company; also to construct Railroads from the Company's lands to connect with the Beaver Meadow, Hazelton, Buckmountain and Delaware, Lackawanna and Western Railroads, and the Lehigh and North Branch Canals, at such points as may be desirable.

The powers thus conferred secure to the Company the northern markets for the Lakes, the whole line of the Erie and New York Railroads, and the Erie Canal; to the South, by the Wyoming Canal to Baltimore; to Philadelphia, by the Lehigh; to New York, by the New Jersey Central Railroad and the Morris Canal; and by the Delaware and Raritan Canal to a point on the Raritan Bay, in the harbor of New York, as a principal depot for shipping and general distribution.

The Capital Stock and Bonds issued in payment for the property and for the transaction of business, is One Million Dollars, half in Stock, and the balance in 7 per cent. Bonds, secured by mortgage on the property, which is as follows:

600 Acres Coal Land, . . . . .	\$300,000
2,000 Lots in the Town of Scranton, . . . . .	400,000
Improvements, Works, Roads, Boats, Cars, &c., . . . . .	100,000
Coal on hand, and cash assets, . . . . .	200,000
	<hr/>
	\$1,000 000

The lands of the Company are situated in the town of Scranton, and on the Lackawanna River between Scranton and Pittston; a depôt for forwarding, on the North Branch Canal at Pittston; and one for distribution and sale, on the Erie Canal at Montezuma.

These properties have been selected with especial regard to their local advantages and prospective value; the works have been constructed and put in operation, the necessary roads laid, depots established, and coal forwarded to market, entirely exempt from difficulty or embarrassment from any source, but under all the united advantages which the most ample capital, competent mechanical experience, and vigilant supervision could insure in the development of a position which can have few equals, and no superiors. The works, engines, machinery, bridges, and roads, are in complete order; the mines are thoroughly drained and ventilated, and, to all appearance, needing no further outlay for raising and preparing for market 600

tons daily, or about 200,000 tons per annum. The present product, of about 500 tons per day, is put into the boats or cars at the minimum rate of cost at which coal has yet been produced, and is forwarded by the North Branch Canal to Montezuma, on the Erie Canal; by the Delaware, Lackawanna and Western Railroad to Elizabethport; by the Morris Canal to Jersey City and New York; and by the Delaware and Raritan Canal for shipment to the Eastern markets.

For the supply of the Northern and Western markets, and the regions accessible to the Lakes, the arrangements of the Company are complete. For the Eastern markets—as well as New York, Philadelphia, and Baltimore—the powers conferred by the Charter are ample for providing the most advantageous means of transit, whenever an increased business shall render it desirable.

The construction of additional roads under the exclusive control of the Company, will materially reduce the cost of transportation, and furnish a large income on the additional outlay.

The extent to which the business may be carried, will be limited only by the wants of the market. The lands of the Company can not be exhausted, nor can coal be furnished from any other source at less cost.

The present available means are sufficient to mine and forward 200,000 tons per annum, the income from which at a net profit of 50 cents per ton will pay a large interest on the capital employed.

For an increased business and its establishment on a permanent basis, the prominent feature in the condition of the Company is its valuable Scranton property. That tract, containing about 200 acres, commences in the centre of the town, within a short distance of the Railroad depot and all the Hotels—as exhibited on the accompanying map. The Public School and most of the first-class dwellings are on lots sold from this property; the most central portion, which will command the highest price for stores and business purposes, is still held by the Company, and is fully equal in value to the best class of building-lots in other towns. Scranton already contains about 7,000 inhabitants, and is rapidly increasing. Its favorable location for Forges, Foundries, Rolling Mills, &c., has already induced an active business; while its position as the depot of an important coal-trade, must soon make it the chief city of the anthracite region.

At the present selling-price of lots in Scranton, the property of the Company may be confidently relied on as an abundant provision for the entire debt,—and no extravagant advance will be required to furnish a large annual surplus for additional works, and increased productiveness of the mining property, which, with all its valuable improvements, must eventually be represented by the Stock, free from any debt or incumbrance.

SECTION 1. Be it enacted by the Senate and House of Representatives of the Commonwealth of Pennsylvania, in General Assembly met, and it is hereby enacted by the authority of the same, That Burton Kingsbury and others, and their associates, successors, and assigns, be and they are hereby constituted, a body corporate and politic, by the name, style, and title of THE SUSQUEHANNA AND WYOMING VALLEY RAILROAD AND COAL COMPANY, for the purposes of mining Coal, and for transacting the usual business of companies engaged in mining, transporting to market, and selling, of Coal or other products of Coal mines; and shall have power to construct a Railroad or Railroads, with one or more tracks from such points on their land, to any convenient point or points of intersection with the Beaver Meadow, Hazleton, or Buck Mountain Railroad, or the Lehigh Canal, and to any convenient point of intersection with the Delaware, Lackawanna, and Western Railroad and North Branch Canal, that may be most advantageous for said Company, and to increase its capital stock to an amount necessary to complete and equip the same. And the said corporation, by the said name, is hereby declared and made capable in law to sue and be sued, to plead and be impleaded, to have a common seal, and the same to alter and renew at pleasure, to make rules and by-laws for the regulation and management of said corporation, consistent with the laws of the United States, and of this Commonwealth, and generally to do and execute for the time being, of said Company, whatever shall lawfully pertain to such bodies politic; and shall have all the powers, and be subject to all the duties and restrictions prescribed by the tenth to the eighteenth sections inclusive of an Act regulating Railroad Companies, approved the 19th day of February, A. D. one thousand eight hundred and forty-nine.

SEC. 2. The said Company shall have the right to hold by purchase or lease not exceeding two thousand acres of land at any one time,

which shall be within the counties of Luzerne and Northampton, and the same, or any part thereof, to sell or otherwise dispose of, as the interest of the Company may require. Provided, that the said two thousand acres of land shall be in not more than two special and distinct bodies. Provided, however, that the Company may hold as above such lot or lots of land not exceeding three acres in any one place, as may be found convenient as places of deposit in the transportation and sale of the products of their mines.

SEC. 3. The capital stock of said Company shall consist of two hundred and fifty thousand dollars, and shall be divided into five thousand shares of fifty dollars each, which capital shall only be employed in the purchasing and holding the lands aforesaid, with the improvements, buildings, cars, boats, engines, and machinery, as may be necessary or useful for the mining, transportation, and sale of coal, and in the payment of such salaries, wages, and other expenditures as shall be requisite for the aforesaid purposes of the Company. And said stock shall be assignable and transferable according to such rules as the Board of Directors shall establish. And the Company is hereby authorized to borrow such sums of money as it may deem necessary to complete the roads authorized by the supplement of April sixth, one thousand eight hundred and fifty-four, *and to carry out the true intents of this Act of Incorporation*, and to issue bonds therefor, with interest at the rate not exceeding seven per cent. per annum, secured, by mortgage or otherwise, upon the property of said Company, said bonds to be convertible into stock at the pleasure of the holder or holders of the same. Provided, that no bonds be issued for a less sum than one hundred dollars. And said Company is hereby required to keep a separate and accurate account of its *capital employed in the purchase of Coal lands, and mining the same*, and to make annually, in the month of November, a statement thereof to the Auditor General, verified by the oath of the President or Secretary of said Company; and shall pay into the State Treasury one half of one per centum on the amount of capital, *and increase of its capital so employed*, as authorized by this act in the manner provided by the second section of an Act to Encourage Manufacturing Operations in the Commonwealth, approved April seventh, one thousand eight hundred and forty-nine. Provided, that *the bonus to be paid by said Company shall be limited to the capital and increase of capital employed as aforesaid*. And provided, further, that the stockholders of said Company shall be liable in their individual capacities

for all debts contracted by the Company for labor done or materials furnished for its use *only in the mining operations* of said Company. And provided further, that whenever parties cannot agree upon the damages claimed either for land or materials taken by said Company in the prosecution of their work, said Company may tender a bond, and proceed as in all respects is provided and specified in the second section of an act entitled, "A Supplement to the Act Incorporating The Pennsylvania Coal Company," approved the seventeenth day of March, anno Domini one thousand eight hundred and forty-nine.

SEC. 4. When the above-named Burton Kingsbury and others, and their associates shall have subscribed the whole number of shares aforesaid, and actually paid and expended not less than fifteen per cent. of the capital aforesaid in purchasing land and in such investments as are authorized by this act, for the use of said Company, the Governor, on due evidence thereof, shall, by letters-patent under his hand and seal of the State, create and enact the said Burton Kingsbury and others, and their associates, successors, and assigns, into one body corporate, by the name, style, and title of THE SUSQUEHANNA AND WYOMING VALLEY RAILROAD AND COAL COMPANY.

SEC. 5. The affairs of the Company shall be managed by five Directors, to be chosen annually from the stockholders. The first election shall be held in the city of Philadelphia, within thirty days after letters patent aforesaid shall have been issued. And the subsequent elections shall be held annually at such convenient time and place as the directors shall determine, of which thirty days' previous notice shall in like manner be given by the President of the Company, or any three of the directors. Provided, That, in the event of a failure to hold such election, the former directors may continue in office for a period not exceeding six months, or until such election shall be held.

SEC. 6. The election for directors shall be held by ballot, and each stockholder shall be entitled to vote according to the number of shares held by said stockholder, in the proportion following: that is to say, for each share, and not exceeding two shares, one vote; for every two shares above two, and not exceeding ten shares, one vote; for every four shares above ten, and not exceeding thirty, one vote; for every ten shares above thirty, and not exceeding one hundred, one vote; for every twenty shares above one hundred, one vote. No share shall confer a right of voting which shall have been transferred within three calendar months prior to the day of election, nor unless it be *bona-fide* held or owned by the person in whose name it appears, in his own right or that of his wife, or for his or her sole use and benefit, or as executor or administrator, trustee or guardian, or in the right or for the use and benefit of some copartnership, society, or corporation, of which he or she may be a member. And all votes by proxy shall be on such terms and conditions as are prescribed by the act passed on the twenty-eighth day of March, one thousand eight hundred and twenty, entitled "An Act to Regulate Proxies."

SEC. 7. The directors shall, as soon as convenient after their election, choose one of their number as President, to serve for one year; they shall also have power to appoint, as occasion may require, all other officers and agents of the Company, and to supply vacancies in the board arising from death, resignation, or otherwise, until the next annual election. At all meetings of the board, three directors shall form a quorum to transact business.

SEC. 8. The directors may, from time to time, call in, on thirty days' notice thereof in at least two daily papers, printed in Philadelphia, and at least one paper printed in either of the counties of Luzerne or Northampton, such installments on the stock of the Company as they may judge best, not exceeding twenty per cent. thereof at one time; and if any stockholder shall neglect to pay, at the time and place appointed, any installment on his stock so called in, for the space of thirty days after the period so designated for the payment thereof, the said stock and the amount previously paid thereon, may be declared by the directors forfeited to the Company, and disposed of as they shall prescribe.

SEC. 9. Dividends of so much of the profits of the Company as shall appear to the directors advisable, shall be declared twice a year, and paid to the stockholders or their legal representatives on demand, at any time after the expiration of ten days after having been declared; but said dividend shall in no case exceed the amount of the net profits actually acquired by the Company, so that the capital stock shall never thereby be impaired; and if any dividend shall be declared which shall impair the capital stock of said Company, the directors consenting thereto shall be liable, in their individual capacities, to the said Company for the amount of the stock so divided. And each director present when such dividend shall be declared, shall be adjudged consenting thereto, unless he shall forthwith give public notice to the stockholders of the declaring of such dividend.

SEC. 10. This act shall continue and be in force until the thirty-first day of December, in the year of our Lord, one thousand eight hundred and seventy-five. But it shall, and may be lawful for the Legislature, at any time, to amend or repeal any of the foregoing provisions, and to rescind the powers hereby granted.

SEC. 11. Any legal process served on any agent or manager of said Company, is hereby declared to be, to all intents and purposes, as valid as the same would have been if served on the President and Directors thereof.

*Speaker of the House of Representatives.*

M. McCARLIN,  
*Speaker of the Senate.*
